Such Application Pack shall be completed to the satisfaction of the Scheme Administrator and may require the inclusion of such additional information as the Scheme Administrator reasonably requests.

- 6.2 The Application Pack required under Rule 6.1 shall, in such form as the Scheme Administrator may consider appropriate, make provision for and include inter alia the following mutual representation and undertakings:

- 6.4 For the avoidance of doubt, a Member of the Scheme (or a beneficiary of a deceased Member of the Scheme) immediately prior to the implementation of the S61 Plan shall, immediately following the implementation of the S61 Plan, be deemed a Member (or a beneficiary of a deceased Member) of the 1989 Act Plan.

7 Contributions and application of contributions

General

- 7.1 The 1989 Act Plan shall not accept contributions other than those paid by a Member or in respect of a Member.
- 7.2 The 1989 Act Plan may receive non-cash contributions from or in respect of a Member in a Tax Year, at the absolute discretion of the Scheme Administrator (who shall also have the discretion to determine whether or not to seek any consent from the Assessor in respect thereof) and PROVIDED THAT:
- (a) the value of the non-cash contributions being determined to the Scheme Administrator's satisfaction in such manner as he deems appropriate;
 - (b) the deduction of any reasonable administration charges which may apply to the non-cash contributions, including any charges associated with determining the value of the non-cash contributions to the Scheme Administrator's satisfaction in accordance with sub-Rule 7.2(a) above; and

- (c) receipt of the non-cash contribution is without prejudice to the Scheme's QROPS status from time to time.

Application of contributions for benefits

- 7.3 The accumulated value of the contributions to the 1989 Act Plan (and any investment returns thereon), other than those applied under Rule 7.4, shall be used to provide benefits in accordance with the Rules, except in so far as they are used to meet the administrative costs of the 1989 Act Plan and any applicable Taxation.

Application of contributions to provide life insurance

- 7.4 A Member may elect in writing to the Scheme Administrator that the whole or part of the contributions paid by or in respect of him under the 1989 Act Plan are to be applied as premiums under a life insurance contract with an Approved Insurer to provide a lump sum on the death of the Member before a specified age (which, for avoidance of doubt, must be before the attainment of age 75). The level of such contribution must not be such that it would prejudice Approval (taking into account section 14(3) of the 1989 Act as applicable). Any lump sum payable on a claim under the life insurance contract shall be received by the Trustee and shall be paid out as lump sum pursuant to Rule 11.4.
- 7.5 A transfer payment accepted by the Scheme Administrator under Rule 12.1 is not a contribution for the purposes of Section 11 of the 1989 Act and shall not be capable of being applied as a premium under a life insurance contract as provided for Rule 7.4.

Limit of contributions

- 7.6 The aggregate amount of the contributions paid in a Tax Year by or in respect of the Member to any arrangement or scheme that:
 - (a) provides relevant benefits within the meaning of Section 53 of the 2000 Act; and
 - (b) is tax approved in the Isle of Manshall not exceed the limits set by Section 11 of the 1989 Act.

Excess Contributions

- 7.7 The Scheme Administrator shall satisfy itself that the total contributions made by or in respect of a Member in a Tax Year are within the limit set under Rule 7.6. If this limit has been exceeded in contravention of the provisions contained in Rule 7, the Scheme Administrator shall, taking account of applicable statutory time limits, account for and pay to the Assessor such charges as are prescribed under Section 22C of the 1989 Act. Such charge shall be deducted from the assets constituting a Fund and the value of such Fund shall be reduced accordingly.
- 7.8 The Scheme Administrator may also, in relation to the reasonable administration of the excess contribution charge under Rule 7.7, recover its costs from underlying 1989 Act Plan assets and reduce a Fund accordingly.
- 7.9 In the event that the charge applicable under Rule 7.7 and/or the associated reasonable costs applicable under Rule 7.8 exceed the balance of a Fund or cannot be

paid in full from such Fund for any other reason, the Scheme Administrator may:

- (a) seek to recover this charge (or a proportion thereof) directly from the Member's personal assets held outside the 1989 Act Plan ; and/or
- (b) pursuant to the operation of clauses 6 and 7 of the Deed, realise assets held in respect of the Fund so as to address the charge (or a proportion thereof).

8 Pension Date

General

- 8.1 The Pension Date is the date on which a Fund or a proportion thereof shall be first applied to commence payment of benefits for the Member concerned in the form of:
- (a) an annuity pursuant to Rule 9.2; and/or
 - (b) a Fund Withdrawal pursuant to Rule 9.3; and/or
 - (c) a lump sum pursuant to Rule 9.4,
- and, subject to Rules 8.3, 8.4, and 8.5, shall be a date within the Statutory Age Range and notified to the Member by the Scheme Administrator. Taking into account the Statutory Age Range, the Member shall give notice in writing to the Scheme Administrator of the Member's proposed Pension Date not less than 60 days prior to such date (or such shorter notice as the Scheme Administrator agrees in writing).
- 8.2 Where, in relation to a Fund, only a lump sum benefit pursuant to Rule 9.4 is paid as at the Pension Date, the remaining value of the Fund following payment of the lump sum must subsequently be applied within the Statutory Age Range to commence payment of a pension benefit (the date of commencement of payment of the pension benefit, the "**Pension Payment Date**") within a time frame that will not prejudice Approval. The benefit payable at the Pension Payment Date will be in the form of an annuity pursuant to Rule 9.2 and/or a Fund Withdrawal pursuant to Rule 9.3. Where this Rule 8.2 applies:
- (a) the Member shall give notice in writing to the Scheme Administrator of the Member's proposed Pension Payment Date not less than 60 days prior thereto (or such shorter period as the Scheme Administrator may agree in writing); or
 - (b) where a Member fails to give notice of his proposed Pension Payment Date and such failure prejudices or potentially prejudices Approval, the Scheme Administrator may, on behalf of the Member, fix the Pension Payment Date; and
 - (c) where the Scheme Administrator exercises Rule 8.2(b), it shall have absolute discretion and, subject to Section 20 of the 2000 Act, shall not be liable for any decision made thereunder.

Incapacitated Member

- 8.3 If the Member becomes permanently incapacitated and does not derive any benefits from a QROPS Transfer, the Pension Date may, in accordance with Section 4(3) of the 1989 Act, be a date earlier than the earliest age within the Statutory Age Range. The

Member will be treated as permanently incapacitated if the Scheme Administrator has considered suitable medical evidence and is satisfied that the Member is incapable through infirmity of body or mind of carrying on his own occupation or any occupation of a similar nature for which he is trained or fitted. The Scheme Administrator shall produce the medical evidence to the Assessor if required.

- 8.4 If the Member becomes permanently incapacitated as described above and is eligible to derive benefits from a QROPS Transfer, the Member must also satisfy the ill-health condition in order to take those benefits prior to the 'normal minimum pension age' referenced under pension rule 1 of Section 165(1) of the 2004 Act. The ill-health condition is that set out in paragraph 1 of Schedule 28 to the 2004 Act.

Miscellaneous

- 8.5 Where a Member's pension benefits have come into payment in accordance with the provisions of Rule 8.3 or Rule 8.4, a Member may make further contributions to his Fund as long as the contributions:

- (a) are paid in Segregated Fund Holdings;
- (b) relate to an occupation separate from that which has given rise to early payment of benefits under Rule 8.3 or Rule 8.4; and
- (c) such Segregated Fund Holdings will come into payment in accordance with the provisions of Rule 8.

- 8.6 For the avoidance of doubt, Members who qualify for a Pension Date under Rule 8.3 may opt in accordance with Section 5B of the 1989 Act to set a Pension Payment Date earlier than the Statutory Age Range as it applies to non-QROPS Transfers.

9 Benefits

General

- 9.1 Benefits as at the Pension Date

- 9.1.1 Subject to the provisions of this Rule 9.1 and at all times to Rule 9.5, a Fund or a proportion thereof shall be applied at the Pension Date to provide benefits. Such benefits shall take the form of:

- (a) an annuity pursuant to Rule 9.2; and/or
- (b) a Fund Withdrawal pursuant to Rule 9.3; and/or
- (c) a lump sum pursuant to Rule 9.4

- 9.1.2 Where a Member so chooses, he may take a lump sum benefit as at the Pension Date and delay the commencement of his available pension benefits until the Pension Payment Date, pursuant to Rule 8.2.

- 9.1.3 If the Pension Payment Date is fixed by the Scheme Administrator pursuant to

Rule 8.2(b), the Scheme Administrator may, at its absolute discretion, determine the form and level of a Member's pension benefits.

- 9.1.4 Where a Member chooses to take pension benefits as at the Pension Date, he may also take his lump sum benefit at the same time. However, where a Fund is being administered as a Segregated Fund Holding in accordance with Rule 15.2, a lump sum benefit may be paid after a pension benefit as long as the lump sum benefit derives from Segregated Fund Holdings that have not yet provided relevant pension benefits.
- 9.1.5 Prior to a Member's pension benefits coming into payment, and unless the Scheme Administrator agrees otherwise, the Member should notify the Scheme Administrator in writing not later than a date prescribed by the Scheme Administrator as to how a Fund should be applied on the Member's death.
- 9.1.6 Where a Member has failed to determine the benefits payable to or in respect of him prior to his death or the end of the Statutory Age Range (whichever is earlier), the Scheme Administrator may apply the Fund in accordance with Rule 10.20. Alternatively, the Trustee may, with the consent of the Scheme Administrator (where the Scheme Administrator is not the Trustee), exercise its powers under Rule 17.5 in respect of the Fund applicable to the Member.
- 9.1.7 With regard to any exercise of their powers under Rules 9.1.3 and 9.1.6 (as applicable), the Scheme Administrator and the Trustee shall have absolute discretion and, subject to Section 20 of the 2000 Act, shall not be liable for any such exercise.

Annuity

- 9.2 A Member may elect in writing to apply all or a proportion of his Fund to purchase an annuity for himself, subject to the following conditions:
 - 9.2.1 Any election must be received and acknowledged by the Scheme Administrator in writing to take effect.
 - 9.2.2 The Scheme Administrator may only buy an annuity from an Approved Insurer and must be satisfied that any person who is or may be entitled to payment of the annuity will, under the terms of the annuity, be able enforce his entitlement.
 - 9.2.3 The Member may choose from which Approved Insurer the annuity is to be purchased and shall give the Scheme Administrator written details of the choice not later than a date prescribed by the Scheme Administrator (which, for avoidance of doubt, shall be a date not later than the date on which the annuity is to come into payment) and if the Member fails to give the Scheme Administrator details of his choice of Approved Insurer by that date, the Scheme Administrator will select the Approved Insurer from which the annuity is to be purchased.
 - 9.2.4 An annuity payable to the Member shall be payable for life and may be guaranteed for a period of up to 10 years notwithstanding the Member's death within that period.
 - 9.2.5 The Member's annuity:

- (a) may be a level annuity, a variable annuity, or an annuity which increases in payment by a fixed percentage or on some other basis as arranged with the Approved Insurer; and
- (b) must be paid in instalments not less frequently than annually and may be paid in advance or arrears.

9.2.6 If the Member's annuity is payable for a guaranteed period notwithstanding the Member's death within that period and an Annuitant is set to benefit from any such guaranteed period, the Member may elect in writing to the Scheme Administrator and before commencement of the annuity that the annuity shall cease after his or her death but before the expiry of the guaranteed period on the happening of any of the following:

- (a) the marriage of the Annuitant; or
- (b) the Annuitant attaining the age of 18 or ceasing to be in full-time educational or vocational training, if that takes place later.

9.2.7 The Member's annuity shall not be capable of surrender or, except as provided in Rule 9.2.8, of assignment.

9.2.8 A Member's annuity which is payable for a guaranteed period notwithstanding the Member's death within that period may be assigned by testamentary will or by the Member's personal representatives in the distribution of the deceased Member's estate so as to give effect to a testamentary disposition, or to the rights of those entitled on an intestacy, or to an appropriation of it to a legacy or to a share or interest in the estate.

Fund Withdrawal

9.3 A Member may elect in writing to receive his benefits via a withdrawal of funds from his Fund (a "**Fund Withdrawal**"). A Fund Withdrawal may take the form of a payment of a cash sum or a Non-Cash Fund Withdrawal pursuant to Rule 9.3.5. Fund Withdrawals are subject to the following conditions:

9.3.1 Any election must be received and acknowledged by the Scheme Administrator in writing to take effect.

9.3.2 A Fund Withdrawal must not prejudice or potentially prejudice Approval and is subject to the provisions of Section 4A of the 1989 Act. Further, as regards requirements applicable to Approved Schemes, the Scheme Administrator shall have the right:

- (a) to refuse any proposed Fund Withdrawal to the extent it is deemed to not be compliant with applicable statutory provisions governing the withdrawal of funds from an Approved Scheme or such other regulatory guidance (whether legally binding or not) that the Scheme Administrator, in its absolute discretion, considers material to the proper administration of a Fund within an Approved Scheme;

- (b) to require a Fund Withdrawal to be paid to a Member without the Member's consent in order to satisfy any statutory minimum withdrawal requirement applicable to the 1989 Act Plan as an Approved Scheme; and
 - (c) to obtain any valuations and actuarial advice it considers appropriate in relation to the 1989 Act Plan as an Approved Scheme.
- 9.3.3 Subject to available funds and to Rule 9.3.2, a Member may choose to fix or, subject to such administration fees as the Scheme Administrator and the Member agree, may vary the level of any Fund Withdrawals from time to time in writing. Instructions as to the level of any proposed Fund Withdrawals and the duration and frequency thereof (where the instructions relate to a series of Fund Withdrawals) must be given in writing to the Scheme Administrator prior to the date the relevant Fund Withdrawal is to be made (or the date of the first such Fund Withdrawal, if the instructions relate to a series of Fund Withdrawals) and, in any event, not later than any date prescribed by the Scheme Administrator.
- 9.3.4 Any cash Fund Withdrawal will be subject to the Fund having available cash funds to meet any such Fund Withdrawal. To the extent the proposed cash Fund Withdrawal is in excess of available cash funds, it will be limited to the available cash funds and paid after any deductions under the terms of the 1989 Act Plan.
- 9.3.5 A Fund Withdrawal may take the form of an in specie asset transfer (a “**Non-Cash Fund Withdrawal**”). For the avoidance of doubt, a Fund Withdrawal may take the form of a combination of a cash fund withdrawal and a Non-Cash Fund Withdrawal. A Non-Cash Fund Withdrawal is subject to the following conditions:
- (a) the Scheme Administrator shall be entitled to seek the Assessor's consent in relation to any Non-Cash Fund Withdrawal;
 - (b) any Non-Cash Fund Withdrawal will be subject to a Fund having available cash assets to meet any Taxation, 1989 Act Plan charges or such other charges or disbursements as the Scheme Administrator determines are reasonably required in relation to any such Non-Cash Fund Withdrawal;
 - (c) the fair market value of the Non-Cash Fund Withdrawal shall be determined to the Scheme Administrator's satisfaction prior to the Non-Cash Fund Withdrawal being made.
- 9.3.6 A Member who wishes to make a Fund Withdrawal shall have sole responsibility for ensuring that the appropriate and timely directions under clause 6 of the Deed are given to the Scheme Administrator to enable the proposed Fund Withdrawal to be made.
- 9.3.7 Where a cash Fund Withdrawal is proposed and insufficient cash funds are available within a Fund to satisfy the Taxation, charges or disbursements which may pertain thereto, the level of the Fund Withdrawal which is paid will be reduced accordingly.
- 9.3.8 Fund Withdrawal is subject to provisions of the 1974 Act and, as such, the Fund Withdrawal shall be subject to the payment of applicable income tax.

- 9.3.9 Administration of a Fund Withdrawal may incur such administrative and/or professional charges as the Scheme Administrator determines are reasonable. These charges will be recoverable from the Fund pursuant to clause 7.6 of the Deed and, to the extent they have not been so recovered, may instead be deducted from the value of the Fund Withdrawal at the Scheme Administrator's absolute discretion.
- 9.3.10 Where any charges are deducted from a Fund or from a Fund Withdrawal pursuant to Rules 9.3.5 or 9.3.9, the Scheme Administrator shall provide the Member with a summary of any such charges upon their deduction from the Fund or Fund Withdrawal, as the case may be.
- 9.3.11 Subject to Rule 9.3.2 and clause 1.4 of the Deed, it is not a function of the Scheme Administrator or the Trustee to monitor the level, frequency or suitability of any proposed Fund Withdrawals or to provide any advice in relation thereto. Members must seek their own financial, investment and actuarial advice in relation to any Fund Withdrawals they may wish to make and, without derogating from the generality of the foregoing, no information provided to any Member by the Scheme Administrator or the Trustee in relation to any proposed Fund Withdrawal shall be construed as the giving of financial, investment or actuarial advice by the Scheme Administrator or the Trustee in relation thereto.
- 9.3.12 For the avoidance of doubt, a Fund Withdrawal may extinguish a Member's Fund as long as such final lump sum is paid and taxed in accordance with Regulations 8 and 9 of the 2015/180 Regulations.

Lump sum benefit

- 9.4 The provisions of this Rule 9.4 shall apply in relation to any lump sum benefit payable to a Member from his Fund:

Non-trivial lump sums

- 9.4.1 The Member may opt no later than a date prescribed by the Scheme Administrator to receive a lump sum payment from the Fund.
- 9.4.2 The date prescribed by the Scheme Administrator under Rule 9.4.1 must not be later than the date the Member's annuity under Rule 9.2 is first payable or the Member's Fund Withdrawal under Rule is first payable from the Fund.
- 9.4.3 The payment of a lump sum in respect of assets transferred into the 1989 Act Plan should also take into account any restriction or condition as to the level of lump sum benefit that may be paid from such transferred assets which was agreed between the Scheme Administrator and the trustees or managers of the arrangement from which the assets were transferred.

Trivial lumps sums

- 9.4.4 Where a trivial benefit becomes payable or is in payment to a Member or other

beneficiary, the Scheme Administrator may, with the consent of the Member or relevant beneficiary, convert the benefit into a lump sum payable to the person entitled to receive the benefit on such basis as it may decide and payment of that lump sum shall be a complete discharge to the 1989 Act Plan in respect of that trivial benefit.

9.4.5 For the purposes of Rule 9.4.4, a trivial benefit is:

- (a) in respect of a Member who has attained age 55 but not age 75 (or such alternate age range as will not prejudice Approval), any benefit which is capable of being commuted into a trivial commutation lump sum in accordance with Section 5A of the 1989 Act; or
- (b) in respect of any Dependant of a Member any benefit payable to that Dependant which is capable of being commuted into a trivial commutation lump sum death benefit as agreed with the Assessor;

and in either case also has a value less than or equal to any maximum amount which the Scheme Administrator may from time to time apply.

Serious ill-health

9.4.6 Subject to the consent of the Assessor, the Scheme Administrator may convert into a single lump sum payment all benefits payable to the Member under the 1989 Act Plan if the Scheme Administrator, having taken advice from a registered medical practitioner, is satisfied that such commutation is justified owing to the Member being expected to live for less than one year and the payment of such lump sum on the grounds of serious ill-health will not prejudice the 1989 Act Plan's approval.

General terms

9.4.7 Where a Fund has been split into Segregated Fund Holdings:

- (a) a lump sum payable under Rule 9.4.1 may be payable from one or more Segregated Fund Holdings on the basis each is a separate arrangement as set out in Rule 15.2;
- (b) a lump sum payable in respect of a trivial benefit under Rule 9.4.4 or in respect of serious ill-health under Rule 9.4.6 must relate to the entirety of a Member's Segregated Fund Holdings remaining in the 1989 Act Plan at that time.

For the avoidance of doubt, the Scheme Administrator may, to the extent it does not prejudice Approval, allow payment of a lump sum under Rule 9.4.1 prior to effecting a trivial benefit under Rule 9.4.4 or a serious ill-health lump sum under Rule 9.4.6.

9.4.8 The right to payment of a lump sum is not capable of surrender or assignment.

9.4.9 The payment of the lump sum from the Fund shall not prejudice or potentially prejudice Approval and, in respect of the lump sum payable under Rule 9.4.1,

shall not exceed the limit in Section 5(3) of the 1989 Act.

9.4.10 A lump sum payable under this Rule 9.4 shall be net of any attributable administration expenses of the 1989 Act Plan and Taxation due. Where a lump sum is paid gross, notwithstanding this Rule 9.4.10, the Member shall be liable for any expenses or Taxation due.

Other

9.5 QROPS Transfer

To the extent the benefit payable under Rule 9.1.1 is derived from a QROPS Transfer, the administration of the QROPS Transfer by the Scheme Manager must comply with applicable HMRC requirements.

9.6 The Trustee may pay such other benefits as may from time to time be permitted under the 1989 Act to the extent they do not prejudice or potentially prejudice Approval.

10 Death of Member: pension and transfer benefits

General

10.1 In the event of the death of a Member, his Fund shall be applied to provide the benefits described in this Rule 10, and may be applied to provide such other benefits as may from time to time:

- (a) be permitted under the 1989 Act and under any regulations made pursuant to the 1989 Act; or
- (b) as are notified to the Assessor and are confirmed as not being prejudicial to Approval.

Member's option: annuities

10.2 If a Member has elected in writing to the Scheme Administrator at such time before the Pension Date or Pension Payment Date, as the case may be, and in such form as the Scheme Administrator may from time to time prescribe or find acceptable, and the Scheme Administrator agrees, an annuity shall be paid to the Member's surviving Spouse and/or Dependant(s). The annuity shall be secured by the application of the Member's Fund (excluding any amount which is to be paid as a lump sum under the provisions of Rule 10.26(b)) as a premium under an annuity contract issued by an Approved Insurer previously chosen by the Member or Annuitant in a form prescribed by the Scheme Administrator.

10.3 Annuities may be paid to any one or more Dependents and may be paid whether or not any annuity is being paid to a surviving Spouse.

10.4 The aggregate annual amount (or, if that amount varies, the aggregate of the initial annual amounts) of all annuities payable under Rules 10.2 and 10.26 shall not exceed the highest annual amount of the annuity that would have been payable to the Member (ignoring any entitlement to commute part of it for a lump sum) had the entirety of the Fund been applied to purchase an annuity effective the day before the Member's date

of death. Any part of the Fund that cannot be used to secure an annuity under Rule 10.2 or other benefit under the 1989 Act Plan will be used by the Scheme Administrator to meet general administration expenses of the 1989 Act Plan .

10.5 Subject to Rules 10.7 and 10.8, an annuity payable under Rule 10.2 shall be payable for life.

10.6 An annuity payable under Rule 10.2:

- (a) may be a level annuity, a variable annuity or an annuity which increases in payment by a fixed percentage or may be structured on such other basis as may be agreed with the Approved Insurer who issues it;
- (b) must be paid in instalments not less frequently than annually and may be paid in advance or arrears; and
- (c) may be subject to such other terms as are agreed with the Approved Insurer.

10.7 An annuity payable under Rule 10.2 may cease on the marriage of the Annuitant but where an annuity is payable to a Dependant solely by virtue of that Dependant being under the age of 18 at the date of death of the Member, that annuity shall cease to be payable on the date on which the Annuitant attains age 18 or ceases to be in full-time educational or vocational training if that takes place later.

10.8 If an annuity payable to an Annuitant under Rule 10.2 is payable for a guaranteed period notwithstanding the death of the Annuitant within that period, before the annuity comes into payment the Annuitant may elect in writing to the Scheme Administrator that the annuity shall cease after his death but before the expiry of the guaranteed period on the happening of either of the following:

- (a) the marriage of a later Annuitant to whom it is payable;
- (b) the later Annuitant to whom it is payable attaining the age of 18 or ceasing to be in full-time educational or vocational training if that takes place later.

10.9 Subject to Rule 10.10, an annuity paid under Rule 10.2 shall not be capable of surrender or assignment.

10.10 Any annuity paid under Rule 10.2 and payable for a guaranteed period notwithstanding the death of the Annuitant within that period may be assigned by testamentary will or by the Annuitant's personal representatives in the distribution of the Annuitant's estate so as to give effect to a testamentary disposition or to the rights of those entitled on an intestacy or to an appropriation of it to a legacy or to a share or interest in the estate.

10.11 The payment of an annuity to a surviving Spouse shall commence as soon as practicable after the death of the Member but the surviving Spouse may with the consent of the Approved Insurer elect that payment of the annuity shall commence at:

- (a) the expiry of any guaranteed period during which the Member's annuity is payable; or
- (b) any time up to the date the surviving Spouse attains age 75, if later.

10.12 The payment of an annuity to a Dependant shall commence as soon as practicable after the death of a Member.

Member's option: Fund Withdrawal(s)

10.13 If a Member has elected in writing to the Scheme Administrator at such time before the Pension Date or Pension Payment Date, as the case may be, and in such form as the Scheme Administrator may from time to time prescribe, and the Scheme Administrator agrees, a pension benefit may take the form of and may be provided to the Member's surviving Spouse and/or Dependant(s) as one or more Fund Withdrawals. Fund Withdrawals shall be made from the Member's Fund (the value of which, for the purpose of any Fund Withdrawals, shall exclude any amount which is to be paid as a lump sum under the provisions of Rule 10.26(b)).

10.14 Fund Withdrawals may be paid to one or more Dependents whether or not any pension benefits are being paid to a surviving Spouse.

10.15 Unless the Scheme Administrator otherwise agrees, a Member's election under Rule 10.13 shall not take effect unless the Member agrees with the Scheme Administrator the basis upon which any Fund Withdrawal is to take place.

10.16 A Fund Withdrawal under Rule 10.13:

- (a) must not prejudice or potentially prejudice Approval and must comply with Section 6A of the 1989 Act and any regulations that govern the withdrawal of funds from an Approved Scheme
- (b) may be refused where the Scheme Administrator is of the view that it does not satisfy the requirements under (a) above or otherwise puts at risk the 1989 Act Plan's status as an Approved Scheme;
- (c) may take place on some other basis which the Scheme Administrator may consider appropriate where, in the opinion of the Scheme Administrator, the basis agreed by the Member pursuant to Rule 10.15 may prejudice Approval;
- (d) may be subject to such valuations and actuarial advice as is appropriate in respect of an Approved Scheme; and
- (e) shall take effect subject to the conditions set out in Rule 10.25(a) to (g).

10.17 In relation to Rules 10.16(a) and (b), respectively, the Scheme Administrator shall have absolute discretion to refuse a withdrawal or to determine an appropriate basis, as the case may be, upon which a Fund Withdrawal may take place.

10.18 The payment of a Fund Withdrawal to a surviving Spouse shall commence as soon as practicable after the death of a Member but the surviving Spouse may with the consent of the Scheme Administrator elect that payment of the Fund Withdrawal shall commence at:

- (a) the expiry of any guaranteed period during which an annuity is payable in respect of the Member; or

- (b) any time up to the date the surviving Spouse attains age 75, if later.

10.19 The payment of a Fund Withdrawal to a Dependant shall commence as soon as practicable after the death of a Member.

No Member's option or delegated death benefits

10.20 Where no annuity is payable pursuant to a Member election in accordance with Rule 10.2 and no Fund Withdrawal is payable pursuant to a Member election in accordance with Rule 10.13, the Scheme Administrator may at its absolute discretion apply the Fund to:

- (a) secure an annuity contract payable to the Member's surviving Spouse and/or Dependant(s); and/or
- (b) secure benefits payable to the Member's surviving Spouse and/or Dependant(s) by way of Fund Withdrawal; and/or
- (c) provide a lump sum return of contributions in accordance with Rule 11.1; and/or
- (d) provide such other benefit that does not prejudice Approval; and/or
- (e) provide for a transfer payment in accordance with Rule 13.

PROVIDED THAT a Member may direct during his lifetime that, following his death, one or more of his Dependents and/or Spouse may direct the Scheme Administrator as to which of options (a) to (e) above are to be given effect (albeit such Dependent and/or Spouse must be aged at least eighteen (18) and of full mental capacity for this proviso to apply).

Annuities: Spouse and Dependents

10.21 Where a Fund is applied to purchase an annuity contract in accordance with Rule 10.20(a), Rules 10.3 to 10.12 mutatis mutandis shall apply as if the annuity were purchased pursuant to Rule 10.2.

Fund withdrawal: Spouse and Dependents

10.22 Where a Fund is applied to provide benefits via a Fund Withdrawal in accordance with Rule 10.20(b), Rules 10.16 to 10.19 mutatis mutandis shall apply.

10.23 Any Fund Withdrawal will be subject to the requirements that govern the withdrawal of funds from an Approved Scheme. Furthermore, the Scheme Administrator shall have the right to:

- (a) determine the administration, basis and terms of a Fund Withdrawal as between potential beneficiaries;
- (b) agree with relevant beneficiaries a basis for the investment management of the applicable Fund as a pre-condition to any Fund Withdrawal taking place;

- (c) refuse any proposed Fund Withdrawal to the extent it is deemed to not be compliant with applicable statutory provisions governing the withdrawal of funds from an Approved Scheme and/or prejudice or potentially prejudice Approval;
- (d) require a Fund Withdrawal to be paid to the Spouse and/or Dependant(s) of a Member, without complying with any consent requirements which might otherwise be applicable, in order to satisfy any statutory minimum withdrawal requirements applicable to the 1989 Act Plan as an Approved Scheme; and
- (e) obtain such valuations and such actuarial advice as may be appropriate in respect of an Approved Scheme.

10.24 Having regard to the funds available in a Fund to meet any Fund Withdrawals, the Scheme Administrator may fix or vary the level of Fund Withdrawals from time to time. Where the Scheme Administrator so requires, written instructions as to the level and duration of the proposed Fund Withdrawals must be given in writing to the Scheme Administrator not later than a date prescribed by the Scheme Administrator (which shall be a date prior to the date on which any Fund Withdrawal is to be made).

10.25 A Fund Withdrawal made in accordance with Rule 10.20(b), shall at all times take effect subject to:

- (a) the capping of the Fund Withdrawal as at the level of available cash funds in accordance with Rule 9.3.4;
- (b) the conditions pertaining to Non-Cash Fund Withdrawals applicable under Rule 9.3.5;
- (c) the capping of the Fund Withdrawal to take account of Taxation, charges or disbursements pertaining to such Fund Withdrawal in accordance with Rule 9.3.7;
- (d) compliance with the requirements of the 1974 Act and the payment of applicable income tax in accordance with Rule 9.3.8;
- (e) such administration and/or professional charges as the Scheme Administrator determines are reasonable in accordance with Rule 9.3.9; and
- (f) such notice provisions as are applicable under Rule 9.3.6 (albeit reference to the Member therein shall refer to the Spouse or Dependant beneficiaries as applicable); and
- (g) for the avoidance of doubt, a Fund Withdrawal may extinguish a deceased Member's Fund as long as such final lump sum or sums are paid and taxed in accordance with Regulations 8 and 9 of the 2015/180 Regulations.

Application of a transfer payment on the death of the Member

10.26 Where the 1989 Act Plan has accepted a transfer payment pursuant to Rule 12, and subject to any restrictions the Scheme Administrator has accepted in respect of such transfer payment, the Member may elect via written notice delivered to the Scheme Administrator that on Member's death the Scheme Administrator shall:

- (a) apply the whole of the accumulated value of the transfer payment to secure such pension benefits payable to the Member's surviving Spouse or Dependant; or
- (b) pay a lump sum in accordance with Rule 9.4, mutatis mutandis, and apply the balance to secure pension benefits payable to the Member's surviving Spouse or relevant Dependents in accordance with this Rule 10

so long as (a) or (b) do not prejudice Approval.

Exercise of Rule 10.20: limit on liability

10.27 Notwithstanding the Scheme Administrator's discretion under Rule 10.20 with regard to the application of a Member's Fund following their death and subject to clause 1.4 of the Deed and compliance with the 1989 Act, nothing done by the Scheme Administrator or the Trustee shall constitute or shall be deemed to constitute the provision of advice in relation to the provision of benefits or the level or suitability of a proposed benefit or any other matter.

10.28 Pursuant to Rule 10.27, a Spouse or Dependant who is a potential beneficiary of a benefit pursuant to Rule 10.20 must seek his own financial, investment and actuarial advice when formulating any request or proposal as to the appropriate administration of the Fund pursuant to Rule 10.20. Whilst the Scheme Administrator and Trustee may take into account such advice and/or request, neither shall be bound to follow such advice or request and, subject to Section 20 of the 2000 Act, neither shall be liable in this regard.

Compliance with Rule 10

10.29 To the extent any provision of Rule 10 or material condition imposed pursuant to Rule 10 is not complied with, to the Trustee's satisfaction, the Trustee reserves the right to implement a partial or complete winding up of the 1989 Act Plan in accordance with Rule 17.

11 Death of Member: lump sum benefits

Lump sum payable as a return of contributions

11.1 In the event of there being no annuity or Fund Withdrawal in payment under Rule 10 as at the date of a Member's death, the Fund (or a proportion thereof) may be paid as a lump sum in accordance with Rule 11.4. A lump sum payable under this Rule 11.1:

- (a) shall represent no more than:
 - (i) the return of the Member's contributions together with reasonable interest on contributions or bonuses out of profits; or
 - (ii) if invested in units under a collective investment scheme, the sale or redemption price of the units;
- (b) is payable net of any administration expenses of the 1989 Act Plan and of any Taxation; and

- (c) must not prejudice or potentially prejudice Approval.

Lump sum payable after commencement of benefits

11.2 Where an annuity or Fund Withdrawal has come into payment under Rule 10 prior to the date of a Member's death (save for any amount which is required by virtue of Rule 10.26 to be applied for the purpose of securing pension benefits), the Member's Fund may be paid as a lump sum in accordance with Rule 11.4. A lump sum payable under this Rule 11.2 is payable net of any administration expenses of the 1989 Act Plan and of any Taxation due and payable in accordance with Section 8A of the 1989 Act.

Lump sum payable after commencement of death benefits

11.3 Where an annuity or Fund Withdrawal has come into payment under Rule 10 pursuant to a Member's death, the Fund that remains after such annuity or Fund Withdrawal benefits have ceased may be paid as a lump sum in accordance with Rule 11.4. A lump sum payable under this Rule 11.3 is payable net of any administration expenses of the Scheme and of any Taxation due and payable in accordance with Section 8B of the 1989 Act.

Payment of lump sum

11.4 Any lump sum payable under this Rule 11.4 shall be paid by the Scheme Administrator as soon as practicable. The lump sum shall be paid:

- (a) in accordance with any specific provisions regarding payment thereof applicable to the relevant investment; or
- (b) if (a) is not applicable and the benefit arises under Rule 7.4 and at the time of a Member's death the contract is vested in an assignee, to the assignee; or
- (c) if (a) and (b) are not applicable, at the absolute discretion of the Trustee to or for the benefit of any one or more of the following in such proportions as it decides:
 - (i) any persons (including the Trustee and the directors of the Trustee from time to time) whose names a Member has notified to the Scheme Administrator in writing prior to the date of his death;
 - (ii) the Member's Spouse, children and remoter issue;
 - (iii) the Member's Dependents;
 - (iv) the individuals entitled under the Member's testamentary will to any interest in the Member's estate;
 - (v) the Member's personal representatives.

For this purpose a relationship acquired by legal adoption is as valid as a blood relationship.

Compliance with Rule 11

- 11.5 To the extent any provision of this Rule 11 or any material condition imposed pursuant to this Rule 11 is not complied with to the Trustee's satisfaction, the Trustee reserves the right to implement a partial or complete winding up of the 1989 Act Plan in accordance with Rule 17.

12 Transfers to the 1989 Act Plan

- 12.1 The Scheme Administrator may accept on written request by a Member and subject to the conditions in Rules 12.2 to 12.5 and Rules 14.1 to 14.3, a transfer payment from a scheme that satisfies the criteria under Rule 12.3 representing the interests of the Member and the interests, if any, of the Member's Spouse or Dependents in those schemes.
- 12.2 The Scheme Administrator shall when accepting and applying a transfer comply with the requirements applicable to an Approved Scheme (including Section 10 of the 1989 Act) and generally with all the requirements of the Assessor.
- 12.3 The Scheme Administrator may accept a transfer from any scheme or arrangement that provides 'relevant benefits' within the meaning of Section 53 of the 2000 Act provided that such transfer does not prejudice Approval. For the avoidance of doubt and without limitation to the generality of the foregoing, transfers may be accepted from:
- (a) occupational pension schemes, personal pension schemes, annuity contracts, insured arrangements, and statutory superannuation schemes; and
 - (b) schemes or arrangements that are established in and governed by a jurisdiction outside of the Isle of Man (assuming such transfer is compliant with the laws of that jurisdiction).
- 12.4 If the source of a transfer is an Approved Scheme, the Scheme Administrator shall ascertain from the administrator of the transferring scheme the extent the transfer is subject to any restrictions in respect of the form of benefits that may be provided under the 1989 Act Plan .
- 12.5 For the avoidance of doubt, a transfer is not a contribution for the purposes of Section 11 of the 1989 Act and may not be applied for the purpose of Rule 7.4.

13 Transfers out of the 1989 Act Plan

Member transfer

- 13.1 The Trustee shall on a written request being made by a Member in a form prescribed by the Scheme Administrator transfer the Member's Fund to the administrator or trustee of a scheme of which the Member has become a member or which is able and willing to accept the transfer and which is:
- (a) an Approved Scheme;

- (b) a retirement benefits scheme approved under Sections 1 or 2 of the Income Tax (Retirement Benefit Scheme) Act 1978 and to which the employer of the Member contributes or has contributed; or
- (c) a Section 61H Scheme; or
- (d) such other scheme, including a scheme administered outside of the Isle of Man, as may be permitted by the Assessor.

13.2 A Member may withdraw the application for a transfer by notice in writing to the Scheme Administrator at any time up to the point when the Scheme Administrator is committed to a third party in carrying out the Member's request. Where the Member has withdrawn an application he may make another.

13.3 If a transfer is made to a scheme referenced under Rule 13.1 above, the Scheme Administrator shall within 30 days after the date on which the transfer is made provide the administrator of the receiving scheme with information regarding the proportion of the transfer (if any) which is subject to any restriction in respect of the benefits that may be provided under the receiving scheme and any other information which the administrator may reasonably require.

13.4 The Trustee shall when making a transfer comply generally with all of the Assessor's requirements in respect of an Approved Scheme, with the requirements of the 1989 Act and with the requirements of the 1993 Act and the Welfare Reforms and Pensions Act 1999 (an Act of Parliament as applied to the Isle of Man by SD 291/01), and the 2000 Act and any regulations made thereunder.

13.5 With the Scheme Administrator's consent and without prejudice to Approval, a Member may elect different parts of his Fund to be transferred as described in Rule 13.1 to different schemes.

Spouse and/or Dependant transfer

13.6 Where no annuity or Fund Withdrawal is payable under the 1989 Act Plan (either pursuant to Rule 10.20 or pursuant to the cessation of all Spouse and/or Dependant benefits in payment under Rule 10), the Scheme Administrator may transfer all or a proportion of the Fund to the administrator or trustee of another scheme subject to the following terms:

- (a) such transfer is subject to Rule 13.7;

unless the Scheme Administrator agrees otherwise, the transfer must be requested by the Spouse and/or Dependant in a form prescribed by the Scheme Administrator;

- (b) the value of the transfer shall relate to the proportion of the Fund attributable to the relevant Spouse and/or Dependant requesting the transfer;
- (c) the transfer must be made to:
 - (i) an Approved Scheme;
 - (ii) a retirement benefits scheme approved under Sections 1 or 2 of the Income Tax (Retirement Benefit Scheme) Act 1978 and to which the employer of

the Spouse or Dependant contributes or has contributed;

(iii) a Section 61H Scheme; or

(iv) such other scheme as may be permitted by the Assessor.

13.7 Where a Spouse or Dependant wishes to use Rule 13.6 to transfer the value of a Fund attributable to them to the 1989 Act Plan (either to an existing Fund that the Spouse and/or Dependant already has under the 1989 Act Plan or so as to establish a Fund for the Spouse/Dependant under the 1989 Act Plan) then the intra-scheme transfer shall take effect subject to the following conditions:

(a) the intra-scheme transfer shall only take effect subject to the Scheme Administrator's consent;

(b) Rule 14.1 shall not apply in that:

(i) no direct payment need be made between the Trustee and the Scheme Administrator to the extent the relevant Fund is properly reduced to take account of the transfer made to benefit the Spouse and/or Dependant; and

(ii) notwithstanding Rule 14.1, the transfer may be made after the Member's Pension Date or Pension Payment Date as applicable.

Transfer to a Section 61H Scheme

13.8 Where a transfer is proposed to be made in respect of a Fund under Rule 13 to a Section 61H Scheme (including the S61 Plan under Schedule 2), the total value of the Fund to be transferred shall be subject to a transfer fee of 10% of that total or such other fee as is prescribed by the Assessor. The value of the Fund shall be determined as at the date the transfer fee is deducted by reference to the then known circumstances. The transfer fee shall be deducted from the sum to be transferred prior to the transfer being made.

13.9 Where a transfer fee is payable, the Scheme Administrator shall pay the fee to the Assessor on the day on which the fee is deducted and notify the Assessor of:

- (a) the amount of fee paid;
- (b) the value of the Fund immediately prior to the payment of the fee;
- (c) the scheme's reference number;
- (d) the name of the scheme;
- (e) the full name, date of birth and tax reference number of the individual to which the Fund relates.

13.10 The transfer to the Section 61H Scheme shall only take place after the Scheme Administrator has received notification from the Assessor that the transfer fee has been received.

Transfers post benefits in payment

13.11 For the avoidance of doubt, where benefits in relation to the Fund have come into payment, the balance of the Fund may be taken as a transfer to another scheme in

accordance with this Rule 13 save that no transfer may be made unless:

- (a) the balance of a Fund is transferred; and
- (b) on or before the date of the transfer, the Scheme Administrator provides a certificate to the trustee or manager of the receiving scheme as to the level of the lump sum already taken in respect of the Fund.

14 Conditions for all transfers

- 14.1 Subject to Rule 14.3, all transfers to be accepted under Rule 12 or made under Rule 13 in relation to a Member shall be effected by a direct cash payment or in specie transfer of assets between the Trustee and the administrator or trustee of the other scheme or through a financial intermediary acceptable to both parties and must be completed before the Member's Pension Payment Date.
- 14.2 Where a transfer is accepted under Rule 12 or made under Rule 13, the Scheme Administrator shall:
 - (a) in relation to a transfer received pursuant to Rule 12, verify with the transferring scheme's administrator the extent, if any, that lump sum benefits have already been paid in respect of the incoming Member and/or any other conditions that apply in respect of the transfer;
 - (b) in relation to a transfer made pursuant to Rule 13, confirm to the receiving scheme's administrator the extent, if any, that lump sum benefits have already been paid in respect of the outgoing Member and/or any other conditions which apply to the transfer; and
 - (c) to the extent the transfer relates to assets or sums derived from a QROPS Transfer, in its capacity as Scheme Manager, give such notices to HMRC as are required pursuant to clause 3 of the Deed and shall generally comply with all applicable obligations relating to a QROPS under UK law.
- 14.3 All transfers accepted from a deferred annuity contract securing benefits by virtue of previous membership of a retirement benefit scheme approved or being considered for approval under Sections 1 or 2 Income Tax (Retirement Benefit Schemes) Act 1978 or under Part 1 of the 1989 Act shall be effected by a direct payment or in specie transfer of assets between the insurance company which issued that contract and the Trustee or through a financial intermediary acceptable to both parties.
- 14.4 Prior to any in specie transfer of assets accepted under Rule 12 or made under Rule 13, the Scheme Administrator reserves the right at its discretion to determine the fair market value of such in specie transfer prior to such transfer being given effect.

15 Investments, deposits and Members' Funds

- 15.1 Permitted investments of the 1989 Act Plan, restrictions on investment and procedures in relation inter alia to the making of investments are as stated in clause 6 of the Deed and are otherwise as may be prescribed by overriding law or permitted by the Assessor from time to time.

Segregation of Funds

15.2 A Fund may, at the Scheme Administrator's absolute discretion, be segregated into separate arrangements ranging between two (2) and one thousand (1,000) in number (hereafter each arrangement being a **"Segregated Fund Holding"**). With regard to the provisions of the 1989 Act and the administration of the 1989 Act Plan a Segregated Fund Holding within a Fund shall constitute a separate arrangement for the purposes of the 1989 Act. Any references to "Fund" contained herein shall be construed as referring to a Segregated Fund Holding (or collection of such Segregated Fund Holdings) as the context requires given the administration of the 1989 Act Plan. Material implications of the above (but not all) are as follows (all section references in this Rule and Rule 15.3 relate to the 1989 Act):

- (a) a lump sum payable under Section 5 may only be paid from a Segregated Fund Holding at the date the annuity or Fund Withdrawal is first payable from such holding;
- (b) a lump sum payable under Section 5B may only be paid from a Segregated Fund Holding on or before the date on which an annuity or Fund Withdrawal is first payable from such holding;
- (c) subject to Rule 15.3, the balance of the Segregated Fund Holding remaining after a lump sum has been taken from such holding may only be used for the purpose of purchasing an annuity or for a Fund Withdrawal save to the extent such holding is subject to a return of contributions on death in accordance with Sections 8, 8A or 8B as applicable or a transfer in accordance with Section 10 as applicable;
- (d) the limitation on lump sums under Section 5(3) shall only apply to the "total value" of the Segregated Fund Holding or Segregated Fund Holdings from which a lump sum or lump sums are being taken;
- (e) all lump sum benefits that may be taken from Segregated Fund Holdings must be taken within the Statutory Age Range or pursuant to the incapacity provisions in accordance with Rule 8.3;
- (f) where a transfer value is received into a Segregated Fund Holding after the Member has attained age 75, the value of such Segregated Fund Holding (or a proportion thereof) must immediately be applied to provide an annuity or Fund Withdrawal at a level that accords with an Approved Scheme; and
- (g) a return of contributions on death may be paid in accordance with Section 8 where no annuity or Fund Withdrawal has become payable to or in respect of a Member from a Segregated Fund Holding.

15.3 Where the balance of a Segregated Fund Holding under Rule 15.2(c) applies, such balance may be taken as a trivial commutation, Fund Withdrawal under Rule 9.3.12 or as a transfer to another scheme subject to the following conditions:

- (a) with regard to the trivial commutation, no trivial commutation may be made unless the balance of the Member's entire Fund, when aggregated with all the lump sums

paid from Segregated Fund Holdings, would qualify under Section 5A for a trivial commutation; and

- (b) with regard to a Fund withdrawal under Rule 9.3.12, no such withdrawal may be made unless the aggregate value of the balance of the Member's entire Fund would qualify as a withdrawal pursuant to Regulation 8 of the 2015/180 Regulations; and

16 1989 Act Plan Rules

The provision of these Rules shall override those of any other documents constituting the 1989 Act Plan (including, for avoidance of doubt, the Deed) which conflict with or have the effect of changing the meaning of any of the provisions in the Rules or which prejudice the sole purpose of the 1989 Act Plan being the purpose identified as the sole purpose in Rule 1.

17 Discontinuance of the 1989 Act Plan or part thereof

- 17.1 The Trustee shall have a general power to wind up the 1989 Act Plan on a partial or complete basis in accordance with the provisions of Rules 17.2 to 17.6 below. For the purpose of this Rule 17, a reference to a Member shall be construed as including the Member's Spouse and/or Dependant beneficiaries, as the context requires.

- 17.3 The Scheme Administrator will set a reasonable period within which Members must notify the Scheme Administrator in writing of their decision as to the provision of their benefits pursuant to Rule 17.2.
- 17.4 Where a Member does not notify the Scheme Administrator in writing of his decision as provided for in Rule 17.3 and a lump sum payment pursuant to Rule 11 is not an available alternative in the circumstances, the Trustee will either transfer the Fund to an Approved Scheme of the Trustee's choice or secure the Member's benefits via the purchase of an annuity of the Trustee's choice. Transfer of the Fund or purchase of an annuity pursuant to this Rule 17.2 shall:

- 17.6 Upon a winding up (whether partial or otherwise), the Trustee will have power to:
- (a) recoup from any Fund which is to be subject to the winding up an amount equal to any tax or reasonable expenses which arise in respect of the Member concerned as a result of the winding up; and

The receipt of the payee shall be a complete discharge to the Trustee for the benefit or part thereof so paid.
